SUCTION SET AIRLESS SPRAYER

IN A CLASS BY ITSELF – ONLY THE BEST CAN BE CALLED **ELITE**

Good things do come in small packages with the Elite 2000 from Titan. The most recent offering in Titan's Elite Series of sprayers features the Elite technology that contractors have trusted for years in a new compact design perfect for Residential and Light Commercial applications.

PERMASTROKE TECHNOLOGY™

- Sealed Hydraulic Technology that delivers top performance between 300 and 3000 psi
- No piston, packings, cylinder or clutch to wear or burn out
- Eliminates deadband to deliver a consistent fan pattern

SMART DESIGN

- Field serviceable with two cartridge-style wear parts that change out in minutes on the job
- Sureflo™ Pusher Valve lets you release a stuck lower ball valve without using a hammer
- 0.021" Max Tip Size provides the versatility for Fine Finish and traditional airless applications

DURABLE, DEPENDABLE, ELITE

- Robust skid frame protects your investment from job site and transport wear and tear
- Extremely reliable mechanical pressure control
- WearGuard® Elite Lifetime Warranty on the fluid pump

CUSTOMIZE YOUR ELITE SPRAYER

SPRAY GUNS	
DESCRIPTION	PART NO.
RX-80™ 4-Finger with 517 Tip	538005
RX-80 2-Finger with 517 Tip *	538006
RX-80 Gun, Hose & Tip Kit	538010
RX-Pro® with 517 Tip	538020
RX-Pro Gun, Hose & HEA Tip Kit	538033

RX-Pro 2-Finger Gun with 517 Tip

SPRAY TIPS & ACCESSORIES	
DESCRIPTION	PART NO.
SC-6+ Tip	662-XXX
HEA® Tip *	330-XXX
Fine Finish Tip	671-XXX
Tip Swivel	538029
HEA Pressure Gauge	580495

HEA Tip

FILTERS	
DESCRIPTION	PART NO.
Coarse Mesh Gun Filter (Green)	89957
Medium Mesh Gun Filter (White) *	89958
Fine Mesh Gun Filter (Red)	89959

Medium Mesh Gun Filter

LUBRICANTS AND CLEANERS	
DESCRIPTION	PART NO.
LS-10 Liquid Shield Plus™ 1 Quart	314-482

LS-10 Liquid Shield Plus 1 Qt

EXTENSIONS	
DESCRIPTION	PART NO.
5" Gun Extension	2418848
10" Gun Extension	2418850
20" Gun Extension	2418851
30" Gun Extension	2418852

Aluminum Gun Extensions

AIRLESS HOSE & ACCESSORIES	
DESCRIPTION	PART NO.
1/4" x 50' Airless Hose *	316-505
3/16" x 25' Airless Hose	291007
1/4" x 25' Airless Hose	316-513
3/16" x 5' Whip Hose	316-506
1/4" x 1/4" Hose Connector	550063
Inner-Feed Roller™	2404445
SprayRoller™ with 3' Pole	2402013

SprayRoller with 517 Tip

COMMON PARTS AND ACCESSORIES	
DESCRIPTION	PART NO.
Inlet Valve	2443943
Outlet Valve	2443904
Service Kit Diaphragm	2444797
Service Kit Pressure Inlet	2444800
Elite 2000 Hopper	2463293

Inlet/Outlet Valve

*Included with unit

Elite 2000 Hopper

QUALIFYING QUESTIONS

■ What types of coatings do you typically spray?

- The Elite 2000 is designed to spray all standard architectural primers, paints and coatings.

■ What tip sizes do your coatings require? How many guns?

- The Elite 2000 can be used on one gun applications and the maximum tip size is 0.021".

■ What type of jobs will this be used for?

- The Elite 2000 is designed for use on residential, property maintenance and small commercial jobs and is built for 50–100 gallons per week.

■ What are you hose length requirements?

- The Elite 2000 is designed for a minimum of 25' and maximum of 300' of hose.

■ What power requirements are needed to run the Elite 2000?

- The Elite 2000 requires 120V electric power only, can be used inside, outside or with a 5000-watt generator.

The Elite 2000 ships complete with:

- RX-80 Gun
- HEA 517 Spray Tip
- 50' x 1/4" Hose

FEATURE MAP

FREQUENTLY ASKED QUESTIONS

WILL THE SPRAYER HANDLE SOLVENT BASED MATERIAL?

Yes, everything in this system is designed to handle hot solvents.

HOW LONG CAN I EXPECT TO SPRAY BEFORE NEEDING TO REPACK THIS SPRAYER?

One of the major benefits of sealed hydraulic sprayers is they never require repacking. In fact, we offer a lifetime warranty on the PermaStroke Fluid Pump since it does not wear like packings in a piston pump.

WHAT MAINTENANCE IS NEEDED?

Sealed hydraulic sprayers require very little maintenance. The only wear parts are the inlet and outlet valves, which both come in a cartridge that is quickly replaceable in the field.

WHY CAN I ACHIEVE BETTER RESULTS AT LOW PRESSURES THAN MY PISTON PUMP?

Sealed hydraulic pumps have smoother displacement eliminating any pulsation from change-over that you may see at low pressures with piston pumps.

**BEST AND LONGEST WARRANTY
IN THE INDUSTRY**

TITANWEARGUARD.COM

Elite 2000 Warranty Information

Four-Year Manufacturer's Defect* – We pledge that our sprayers are free from defects in materials and workmanship.

Lifetime PermaStroke Technology Fluid Pump – If the fluid pump fails for any reason (including wear) for as long as you own the sprayer, we will replace the fluid pump at no cost

Lifetime Drive Train – If the drive train fails from normal usage for as long as you own the sprayer, we will replace the drive train at no cost to you

*Manufacturer's Defect Warranty excludes normal wear items and consumables such as filters, piston, packings, spray tips, spray guns, hoses, etc.
