

CAPSPRAY

The Capspray series is the closest you'll come to a turbine-powered paint brush. Featuring the only 6-stage turbine on the market, these HVLP paint sprayers are designed to combine next-level power and extreme agility with the ability to move freely throughout the job site. Here's what makes the Capspray an asset in tackling cabinets, trim, furniture, metal, and more.

The Capspray is a powerful and versatile turbine unit, spraying a wide range of coatings. Sprays stain up to finish quality latex emulsion. Rugged, portable and dependable as you would expect.

CAPSPRAY X 80

Are you looking for a cost-effective solution for high-quality surfaces that will impress your customers? Capspray X 80 is the ideal partner: the HVLP paint spraying system applies all common solvent- and water-based paints with perfect coverage and is ideal for medium-sized residential and commercial

projects. In addition, the low-pressure technology of Capspray X 80 minimises spray mist, which saves material and protects the environment. Other advantages include its high performance and lightweight design. The material and air volume can be adjusted directly on the gun to suit the object being coated.

FILTER WARNING LIGHT

Indicates when the filter needs cleaning or replaced

ADJUSTABLE AIR AND MATERIAL VOLUME

Directly on the gun

INTEGRATED STORAGE BOX

Ideal for needles, air caps, tools and cleaning accessories

SPRAY GUN STORAGE

Ideal for work breaks, storage and transport

TWIN AIR FILTERS

Easily accessible filters with large surface for optimal atomisation

SPECIFICATIONS	CAPSPRAY X 80
Voltage	230 V~, 50 Hz
Power consumption	1,15 kW
Max. air ram pressure.	0,3 Bar / 0,03 MPa
Weight	6,8 kg
Hose length	7,6 m
Container capacity	1 l
Scope of delivery	Base unit, Capspray X 80, Maxum III HVLP Pro Gun and 7,6 m Air Hose, Cleaning kit
PART-NO.	2439416
